ASX flatbed trailers - the best of both worlds

The Anssems ASX is a rock-solid flatbed trailer with steel ramps stored in integrated ramp holders beneath the loading floor. The side boards can be completely folded under the loading floor, protecting them from damage during loading and unloading with a forklift.

**“THE ANSSEMS ASX
IS VERY VERSATILE”**

ASX 325x178 tandem braked

ASX 405x178 tandem braked

Durable and user-friendly

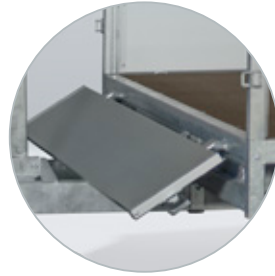

The fully galvanised chassis, with its four length carriers, supports the loading floor optimally. The lighting, axles, brake system and jockey wheel meet Anssems' high standards of safety and reliability. The aluminium sides and corner sticks can be quickly removed to create a flat loading floor for maximum use.

Strong chassis with integrated ramp holders

Reliable brakesystem

Foldable front panel

8 tie hooks on the inside of the loading platform

Long drawbar with automatic jockey wheel

Tie rail for movable net hooks or tie hooks

Sides turn away under the loading floor. Damage-free loading and unloading

Premium quality brake system

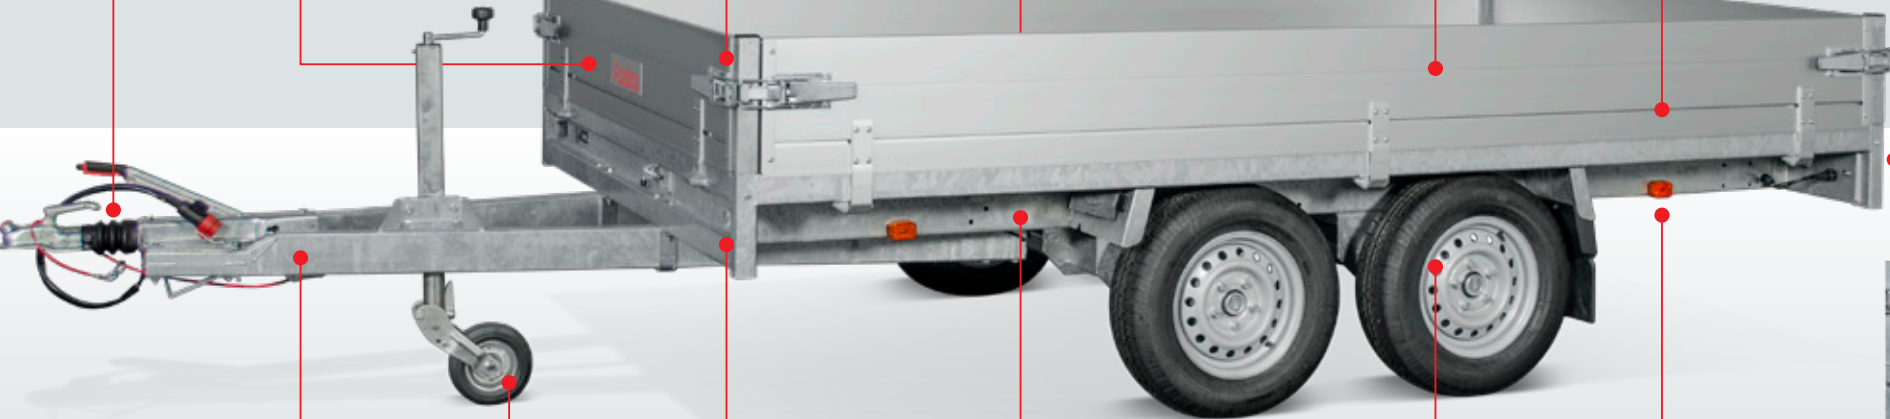

Foldable front panel

Provided with tension locks all around

Multiplex loading floor

Aluminium side boards

Integrated tie rail

Long, interchangeable drawbar made of box tubes

Automatic jockey wheel

Front marker lighting

Robot welded chassis

Premium quality wheels and axles

Side marker lights

Ramps, stored beneath the loading floor

The Anssems ASX accessories

The ASX can be used even more widely by mounting accessories. For example, you can order a winch with winch support, propstands, mesh sides, extension sides, axle shock absorbers, LED position lights, or a ladder rack, to increase user comfort. To safely cover your load, you can install a high cover or flat cover. Thanks to the integrated tie rail, you can easily place the net hooks in the right position.

**“THE ANSSEMS ASX
IS TAILORED
TO MY WISHES”**

You create extra load volume with mesh sides. These 70cm-high mesh sides are placed on top of the standard side panels (see table).

Additional loading options are provided thanks to the 35 cm high aluminium extension sides.

Accessory;
durable flat cover

Accessory;
axle shock absorbers

Accessory; net hooks for
load nets (for example)

Accessory;
propstands

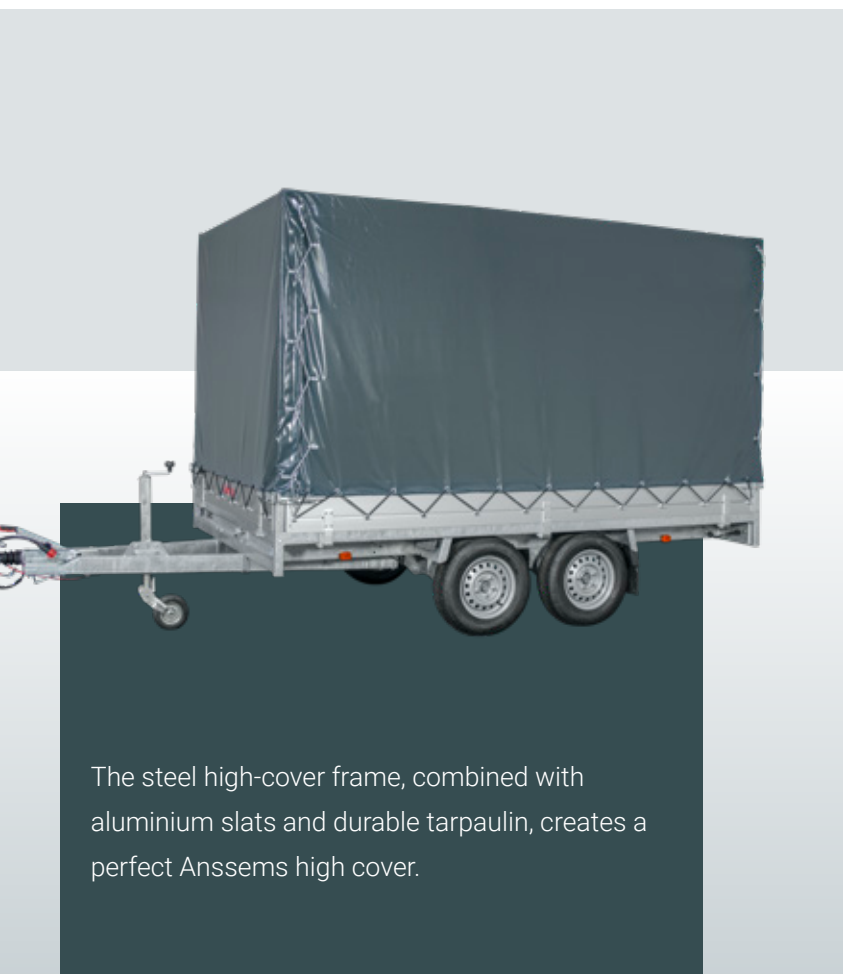

Accessory;
LED position lights

Accessory;
steel ladder rack

Accessory;
spare wheel with support

The steel high-cover frame, combined with aluminium slats and durable tarpaulin, creates a perfect Anssems high cover.

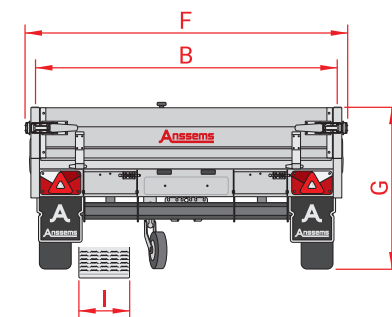

Mount the ASX adjustable winch

The Anssems ASX is prepared for a removable winch, and the winch support is adjustable in length. Contact your Anssems dealer for all the available options, or ask your questions on www.anssems.eu. Our customer service team is ready to help you!

Using the ramps

Use the steel ramps to drive vehicles onto and off of. The ramps are stored underneath the chassis, which is useful as they are always at hand. For even more comfort when driving onto and off of, the ASX can be extended with prop stands and a winch.

“THE ANSSEMS ASX SAVES VALUABLE TIME”

Anssems

Anssems

Always behind you.

Anssems offers a complete range of transport solutions of flawless quality, and has been doing so since 1977. Our standard, richly equipped trailers are perfect for professional and private users.
